# ADAS Find: The Smarter Choice for ADAS Identification & Calibration

What You Get with ADAS Find

☑ **Most Accurate ADAS Reports**

- ADAS Find's OEM requirements database is the first and only of its kind, making ADAS Find reports 20% more accurate.

☑ Identifies More Calibrations

- Identify requirements beyond ADAS, including initializations, programming, wheel alignments, and more.

☑ As–Built VIN Data

- No guessing on equipped ADAS features.

☑ Seamless Estimate Uploads

- Generate reports instantly, and create reports automatically with CCC Secure Share.

☑ Direct OEM Links

- Every link in ADAS Find is verified, ensuring direct access to the exact OEM requirement document.

☑ **Cost–Effective**

- Every link from ADAS Find is certified to ensure the exact requirement document.

Why Switch to ADAS Find?

Features	ADAS Find	Others
More Accurate ADAS Reports	✅	❌
More Accurate Requirement Links	✅	❌
